- | | | |
|--------------------------------------|---|--|
| • Programming languages | : | C, C++, C#. |
| • Operating systems | : | MacOS, Windows, Android. |
| • Web technologies | : | HTML5, CSS, UX and UI. |
| • Integrated development environment | : | Visual Studio Code, Visual Studio, other |
| • | | compilers. |
| • Software applications | : | Microsoft Office 365. |

Non-technical skills (acquired through volunteer work and college education):

- | | | |
|--------------------|-------------------|------------------------|
| 1. Leadership | 3. Task execution | 5. Conflict resolution |
| 2. Time management | 4. Innovation | 6. Teamwork |

Education:

Diploma in Computer Programming

January-2024 to present (finishing year - 2025)

Conestoga College, Waterloo, Ontario

- Completed various assignments related to mobile application designing, creation of flowcharts and coding (C#, HTML, and CSS).
- Working on the development of a personal website.
- Created UX and UI mockups for mobile applications.
- Was leader in group projects for mobile applications development and C# Codes.

Projects (beside education):

- Made various great programs using C and C++ for local educational institutions in India.
- Created and sorted out files filled with coding material.

Volunteer experience:

Code creations: -

- Created codes for my teacher in India which he can demonstrate to his beginner students.
- Designed posters and created other graphic designing material for my institution.

Agriculture and Farming: -

- Sowed and harvested crops in groups.
- Made tools at home in teams for digging and removing weeds from the fields.
- Organized agriculture and farming fairs in my village to introduce farmers to the latest technology, different varieties of new crops, and diverse ways of animal husbandry.
- Gained collaborative and time management skills.

Shop experience: -

- Helped my uncle as a cashier in a food shop in India.
- Helped my cousin as a forklift operator.

Hobbies/Activities:

- Likes to play football and have won some awards.
- Watching movies and animations.
- Finds pleasure in creating new codes and designing layouts.
- Has a soft spot for animals.
- Know how to operate and handle guns.
- Likes to travel to unfamiliar places.
- Likes to sow plants.
